Cober Valley Rotary Club - Time Capsule

The latest project of the Cober Valley Rotary Club in Helston involves burying a 50 year time capsule that will be opened in 2067. It is planned to have in it the thoughts and memories of local people in the form of messages and images for their future generations to read and see. £5 will buy a space in the capsule for an A4 envelope up to 12mm thick. It is hoped that up to 1,000 envelopes will be buried! The envelopes will be available up to 1st July 2017. They should be returned to the purchase point or any club member by this date. In partnership with the National Trust the capsule will be buried in the Penrose Estate in September 2017. Its location will be marked with a plaque.

Further details can be found on the Cober Valley Rotary Club Facebook page or on the club website. The children had an assembly about this exciting event this morning.

School Menu

Alongside our normal 3 week menu we will be offering children in year 5 and 6 a 'Grab 'n' Go' lunch starting after half term. This will consist of either a sandwich, (variety of fillings) a wrap or a pasta salad with fruit and a pudding. On Monday 5th June 2017 the 'Grab 'n' Go' lunch will be tuna mayo and salad wraps / cheese pasta salad. Each day the different options will be listed on the menu board in the school hall by the kitchen hatch. Children will need to order their 'Grab 'n' Go' lunch during registration. We will be opening this up to children in year 3 and 4 in the near future.

*We hope you have a lovely half term break and we look forward to welcoming the children back to school on **Monday 5th June 2017**! As a school we will be returning as part of the Southerly Point Co-operative Multi-Academy Trust.*

Pupil Voice

We asked Sam from year 5 to tell us which activities help him learn? What is mastery? and what is a virtue?

Sam - "Miss Giddings uses cups, if I don't 'get it' in the lesson the cups show the teacher that I don't get it. Then the adults work with us in small groups during assembly time to help us understand better.

Note taking has helped me learn about the human body and evolution. We have been watching little clips, I like looking at things and using pictures and words to help with my learning.

I really like mastery. I am usually good at mastering maths but recently I didn't get binary. Normally I get things straight away and I got upset when I didn't understand because I knew I used to get everything in maths up until then. It was the first time. Working in groups together helped me to master binary as we learned together.

Virtues - In the workshop we had to explain what virtues you would need in that role as a prefect. Sometimes it was hard! I would like to be a virtues ambassador in Y6."
